LIBRARY CIRCULAR NO. 5

Storage of Rare Books

In accordance with instructions received from the Bureau of the Budget, the Library has shipped a considerable number of books out of the city in order to protect these rare and irreplaceable publications against contingencies of damage because of the war.

The books which have been moved have been placed on shelves in their new location, so that they may be supplied on request; and any book in storage that is requested will automatically be returned to Washington. Approximately one week will be required to obtain a book from storage.

No special request is required; the regular Library call slip (Form AD-245) will effect return of the book.
